

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS 61ST AIR BASE GROUP (USSF)
LOS ANGELES AIR FORCE BASE, CALIFORNIA

26 Mar 2020

MEMORANDUM FOR LOS ANGELES AFB, FORT MACARTHUR, PACIFIC HEIGHTS
 AND PACIFIC CREST
 ALL PERSONNEL AND RESIDENTS
 ALL SUBORDINATE COMMAND AND TENANT UNITS

FROM: 61 ABG/PHEO

SUBJECT: COVID-19 Public Health Risk Categories

1. The following categories, status, and status definitions will be used for all Los Angeles AFB, Fort MacArthur and all Housing Annexes personnel for accountability and tracking during COVID-19 response. This includes military members, civilian employees, dependents, retirees, contractors and any persons on the installation for any reason.

Category	Status	Definition
COVID-19 Positive	Isolated	A person who has been tested by a medical professional and confirmed positive for COVID-19.
PUI (Persons Under Investigation)	Isolated	A <i>symptomatic</i> (fever, coughing, and shortness of breath) person who is either awaiting testing or test results from a medical professional for COVID-19.
Close Contact/ Travelers	Quarantined	An <i>asymptomatic</i> person who was potentially exposed either through travel or as a close contact with a “COVID-19 Positive” or “PUI.”
Limited Movement	Monitor	If you, or your family members, do not meet the criteria for COVID-19 symptoms, but are experiencing other cold/flu like symptoms, continue to care for yourself, and/or them, at home (only leave your residence to obtain medical attention, food, or medicine) until symptom free for 72 hours. If symptoms worsen, call Public Health.
Returned to Duty	Reintegrated	A person who was returned to duty (or recovered) by a medical professional from Isolated, Quarantined, or Monitored Status. If you are diagnosed with COVID-19 you are to remain home 3 days after your symptoms subside and this must be at least 7 days after the onset of symptoms. You must also be cleared by public health.

2. The use of these categories, statuses, and status definitions will terminate when directed by the 61 ABG/CC, in consultation with me.

JAMES D. SENECHAL, Lt Col, USAF, MC, FS
 Public Health Emergency Officer
