MEMORANDUM FOR ALL LOS ANGELES AIR FORCE BASE PERSONNEL

FROM: SBD 3/CC

SUBJECT: Los Angeles Air Force Base (LAAFB) Statement of Environmental Commitment

1. The Space Base Delta 3 is committed to providing best-in-class facilities, services and security for LAAFB. This Statement of Environmental Commitment codifies SBD 3's unwavering pledge to mission sustainment through excellence in environmental stewardship and the protection of human health.
2. In support of this commitment, every member of SBD 3 will participate in and support an effective Environmental Management System (EMS) by:
 - a. Promoting sustainable technologies and practices, continually improving environmental performance and minimizing adverse impacts to installation personnel, residents, the local community and the environment.
 - b. Encouraging the responsible use of energy and water throughout the installation, including the adoption of innovative practices to conserve and improve energy and water efficiency.
 - c. Complying with applicable federal, state, and local laws, and aggressively correcting areas of non-compliance.
 - d. Limiting the impact of SBD 3's actions by using environmentally friendly and recycled materials to the maximum extent practicable, and minimizing the use of hazardous materials.
 - e. Preventing pollution by diverting waste from the landfill, and reducing air and water pollution to the maximum extent practicable.
3. This memorandum supersedes previous guidance, same subject, and will remain in effect until superseded or rescinded.
4. My point of contact for LAAFB's EMS program is Mr. Yong Park, 61 CELS/CEIE, at 653-5512 or yong.park.1.ctr@spaceforce.mil
